6.4 Nappy changing

Policy statement

No child is excluded from participating in our setting who may, for any reason, not yet be toilet trained and who may still be wearing nappies or equivalent. We work with parents towards toilet training, unless there are medical or other developmental reasons why this may not be appropriate at the time.

We provide nappy changing facilities and exercise good hygiene practices in order to accommodate children who are not yet toilet trained.

We see toilet training as a self-care skill that children have the opportunity to learn with the full support and non-judgemental concern of adults.

Procedures

- Children from two years should normally wear pull ups, or other types of trainer pants, as soon as they are comfortable with this and their parents agree.
- Changing areas are warm with safe areas to lay children.
- Each child has their own bag to hand with their nappies or pull ups and changing wipes.
- Gloves and aprons are put on by staff before changing starts and the areas are prepared. After each use the mat is sprayed with antibacterial spray
- All staff are familiar with the hygiene procedures and carry these out when changing nappies.

Safeguarding and Welfare Requirement: Health

- In addition, staff ensure that nappy changing is relaxed and a time to promote independence in young children.
- Children are encouraged to take an interest in using the toilet; they may just want to sit on it and talk to a friend who is also using the toilet.
- Children are encouraged to wash their hands, and have soap and towels to hand. They should be allowed time for some play as they explore the water and the soap.
- Anti-bacterial hand wash liquid or soap should not be used for young children; young skin is quite delicate and anti-bacterial products kill off certain good bacteria that children need to develop their own natural resistance to infection.
- Staff are gentle when changing; they avoid pulling faces and making negative comments about 'nappy contents'.
- Staff do not make inappropriate comments about children's genitals when changing their nappies.
- Older children access the toilet when they have the need to and are encouraged to be independent.
- Nappies and pull ups are disposed of hygienically.
- We have a 'duty of care' towards children's personal needs. If children are left in wet or soiled nappies/pull ups in the setting this may constitute neglect and will be a disciplinary matter.
- All nappy changes are logged with child's name, date and time of change.
- We also record in this log if a child has a sore bottom and if cream is supplied and the log is available for parents to view
